- School districts throughout the state face a continuing challenge in funding the costs for serving Special Education students. SMCS D is proud of the Special Education support provided to our students, but the District is also faced with mounting increases in the difference between the federal and state governments' funding and the mandated costs for these vital student services.
- Unfortunately, the federal government has not provided the funding that was envisioned when the laws mandating programs for Special Education students were adopted.
- This shortfall in dedicated funding has led to very significant encroachment into the District's Unrestricted General Fund. Encroachment—the difference between Special Education income and expense—has forced the District into making cuts in other District programs in order to make up for the funding shortfall by federal and state governments

# CHALLENGES

- ▣ State and Federal economic uncertainties
- ▣ Local Property Tax uncertainties; current projections are 2% for the out years
- ▣ Special Education Encroachment; Costs are unpredictable and growing
- ▣ Continue to monitor Cafeteria Program Encroachment
- ▣ Monitor 5-Year Deferred Maintenance Plan
- ▣ While most of the 2013 sequestration cuts to Federal revenues appear to have been restored for the current fiscal year, sequestration provisions remain in effect through 2023
- ▣ Continued changes in legislative mandates including increased costs associated with retirement plans (STRS, PERS, OPEB)
- ▣ District is Deficit Budgeting and Spending (dipping into to reserves)

# COMMON MESSAGE

- ▣ Shrinking revenue environment and increased ADA (increase in-lieu)
- ▣ Economic Recovery (slight increase in Property Taxes)
- ▣ Plan for MYP; 2 years out, continue to be cautious and focus on reduction strategies, develop financial projections and contingency plans accordingly
- ▣ Build Reserves: Community Funded Districts are advised to maintain reserves much greater than the State required minimum ( School Services of California advises school districts to try and maintain a 16-18% reserve)
